TOMORROW IS TODAY, A behavior modification methodology, guide, and workbook to manage the job search process Mar 02 2023 This 240-page workbook is a highly effective, no nonsense, self-marketing instrument to facilitate and manage the entire job-search campaign. Contained in its pages are all the tools and information necessary to help your terminated employee win and keep their next job. Whether or not you provide Outplacement support to your separated employees, our workbook would be an excellent tool to augment their job search. It provides a complete resource to help the discharged worker achieve and keep their next position. FINDING A JOB IS HARD WORK. It has been estimated that as many as one out of every three workers attempts to change jobs annually in the United States. Out of a labor force of 153 million, that represents almost 50,000,000 job seekers who are seeking new employment each year. As a result, the job search process is highly competitive at all levels. It can be lengthy, frustrating, prejudicial, and unfair. Older, more traditional job finding techniques have become less productive. The traditional resume no longer has the same impact in generating the all important and often elusive interview. Both the Wall Street Journal and USA TODAY have highlighted the fact that only about 15% of all professionals find a new position through responding to published advertisements or online postings, another 10% through placement agencies or search firms, and only 5% through unsolicited direct mail. Why then, would anyone focus 90% of their time and effort in areas that represent only about 30% of all potential opportunities? It is not uncommon for 200-300 people to respond to help wanted advertisements. Yet seldom do more than 6 to 10 people achieve interviews, and after an often lengthy process, only one person gets the job. Everyone else starts the whole process again. Older Americans, women, and minorities can often face an even more difficult road due to unspoken, but ever-present biases. There is a better way. Tomorrow Is Today dispels the myth that the most qualified candidate always gets the job. It points out that the person who is hired is usually the one who is liked the best. This book can be a major factor in how you differentiate yourself from other candidates when the hiring decision is almost always based upon subjective factors such as the individual's personality style, body language, and manner of being interviewed. It is an invaluable resource in helping you to achieve your next position with added features that assist in effectively managing both career growth and family issues.

More Questions and Answers With Rick Renner Study Guide Nov 03 2020 More Questions & Answers With Rick Renner Most of us have questions about God, the Bible, and life that we wonder about and keep on the "back burner" of our hearts and minds. Rick Renner has taught a Q & A series in the past, but in this brand-new five-part series, he tackles more questions that have been sent to him by people around the world. In his typical direct style backed by solid teaching from the Bible, Rick answers such questions as: Are we in pre-Tribulation times right now, or are we actually in the Tribulation? What is the "falling away" in Second Thessalonians 2:3? Does the Bible make any references to UFOs? What is the Judgment Seat of Christ? Is there any such thing as a generational curse? Can people be translated by the Spirit from one location to another? And more! In this series, Rick answers six questions about the end times; seven questions about faith and Bible doctrine; six questions relating to supernatural manifestations; four questions about prayer; and five questions about miscellaneous topics, such as hell and whether believers should consume alcohol. This series is chock-full of intelligent answers based on God's Word. Maybe you'll find the answer to one of your questions!
