This volume contains papers presented at the 11th International Conference on Jet Cutting Technology, held at St. Andrews, Scotland, on 8-10 September 1992. Jetting techniques have been successfully applied for many years in the field of cleaning and descaling. Today, however, jet cutting is used in operations as diverse as removing cancerous growths from the human body, decommissioning sunsea installations and disabling explosive munitions. The diversity is reflected in the papers presented at the conference. The papers were divided into several main sections: jetting basics -- materials; jetting basics -- fluid mechanics; mining and quarrying; civil engineering; new developments; petrochem; cleaning and surface treatment; and manufacturing. The high quality of papers presented at the conference has further reinforced its position as the premier event in the field. The volume will be of interest to researchers, developers and manufacturers of systems, equipment users and

It's good to talk about ministry. It's better to do it, and do it passionately. In 2008, the United Methodist Church lifted up "Four Areas of Focus" for ministry, and churches have responded. But at Ginghamburg Church, in the rust-belt town of Tipp City, Ohio, the church has been doing exciting and effective ministry in those four areas for 35 years and more. Engaging in Ministry with the Poor Improving Global Health Developing Principled Christian Leaders Creating New and Renewed Congregations The work has led to a host of creative ministries and organic growth...because they were meeting the needs of their community and their world as the hands and feet of Christ. The book comes with a built-in facilitator Guide to encourage pastor peer groups and other leadership groups interested in deepening the discussion.
