*The Right Wing in France from 1815 to De Gaulle Apr 06 2021 The Gaullist regime in France has aroused much interest in the nature of French politics. This stimulating analysis of the conservative faction in France, revised by the author to include the government of General de Gaulle, should be of interest not only to students of that country's history and politics but also to general readers who would understand France's political tradition and where de Gaulle fits into it. This work is translated from the second and revised edition of *La Droite en France: de la Première Restauration à la Ve République*, published in Paris in 1963.*

Social Life in England and France Dec 26 2022 Excerpt from Social Life in England and France: From the French Revolution in 1789, to That of July 1830 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The History of the Politicks of Great Britain and France, from the Time of the Conference at Pillnitz, to the Declaration of War Against Great Britain. in Two Volumes of 2; Volume 1 Oct 12 2021 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Rich in titles on English life and social history, this collection spans the world as it was known to eighteenth-century historians and explorers. Titles include a wealth of travel accounts and diaries, histories of nations from throughout the world, and maps and charts of a world that was still being discovered. Students of the War of American Independence will find fascinating accounts from the British side of conflict. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T093178 The author's preface says that this is a "not a literal translation, but only the same narrative drawn up in other language" of his 'Historische Uebersicht der Politik Englands und Frankreichs', which was first published in Leipzig in February 1799. As T London [i.e. Leipzig]: printed for the author; and sold by Marsh and Dunsford [T. Bensley, printer of the first two sheets], 1800. 2v.; 8°

*France Before the Revolution Jan 23 2020 This fully revised second edition takes account of historical work produced during the last decade. Covering the period between Louis XIV's death in 1715 and the outbreak of the French Revolution in 1789, it discusses: * France's accomplishments in international affairs, commercial expansion, and intellectual and artistic life * the significance of long-term political, social and economic forces in causing the Revolution * how the changing perception of government, from one of divine-right kingship towards the idea of a national enterprise, ultimately undermined the old regime.*

The History of France, from the First Establishment of that Monarchy, Brought Down To, and Including a Complete Narrative of the Late Revolution [-14 Juli 1790] Sep 23 2022

The Development of the Tragédie Nationale in France from 1552-1800 Feb 04 2021 This study treats the evolution of that branch of serious French drama whose themes were taken from the national history. The study also concerns dramatic groups, the staging of plays, and audiences.

A History of France from the Earliest Times to the Treaty of Versailles (1919) Mar 05 2021 A History of France from the Earliest Times to the Treaty of Versailles This is a comprehensive history of France from the beginning to the end of World War I. From the preface: "This book was originally intended for members of the American army who naturally would desire to know something of the past of the great French nation on whose soil they expected to do battle for Liberty. The happy but abrupt close of the war vitiated this purpose, but the volume was continued and was extended on a somewhat more ambitious scale to

assist in making intelligent Americans in general acquainted with the history of a country with which we have established an ever-deepening friendship. During the war period, when this task was begun, it seemed possible at first to take some elementary history of France in the French language, translate the same, and present it to new readers in a suitable American dress. This soon appeared impracticable, but certain French manuals were extremely helpful in preparing this work. This is true of the well-known Histoire de la civilisation française by M. Alfred Rambaud, and even more particularly of the three admirable volumes of M. Albert Malet's Histoire de France, which, taken consecutively, form a national history for use in secondary schools superior possibly to any similar books wherein English or American students learn the story of their own respective countries France from the Earliest Times''

A Comparative View of the Social Life of England and France Feb 28 2023

The Jews in Nineteenth-Century France Jun 27 2020 This work on the history of French Jewry, follows the reshaping of Franco-Jewish identity from legal emancipation after the French Revolution, through to the creation in 1860 of the Alliance Israelite Universelle, the first international Jewish organization devoted to the struggle for Jewish rights throughout the world.

My Good Life in France Mar 25 2020 One grey dismal day, Janine Marsh was on a trip to northern France to pick up some cheap wine. She returned to England a few hours later having put in an offer on a rundown old barn in the rural Seven Valleys area of Pas de Calais. This was not something she'd expected or planned for. Janine eventually gave up her job in London to move with her husband to live the good life in France. Or so she hoped. While getting to grips with the locals and la vie Française, and renovating her dilapidated new house, a building lacking the comforts of mains drainage, heating or proper rooms, and with little money and less of a clue, she started to realize there was lot more to her new home than she could ever have imagined. These are the true tales of

Janine's rollercoaster ride through a different culture - one that, to a Brit from the city, was in turns surprising, charming and not the least bit baffling.

The History of the Politicks of Great Britain and France, from the Time of the Conference at Pillnitz to the Declaration of War Against Great Britain, with an Appendix Containing a Narrative of the Attempts Made by the British Government to Restore Peace Mar 17 2022

Nationhood and Nationalism in France Aug 30 2020 Leading international historians examine the impact of nationhood and nationalism on French life. World-renowned contributors (many publishing for the first time in English), include Eugene Weber, Zeev Sternill, Pierre Sorlin and Jean-Claude Allain.

A Comparative View of the Social Life of England and France Oct 24 2022 This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Fragile Glory Dec 22 2019 "The most penetrating account of contemporary France we're ever likely to own. In looking for clues to French character, the author explores everything from wine culture to cultural politics, movies, food and the higher eroticism."--New York Times An enormously entertaining account of contemporary France from the former Paris bureau chief of The New York Times. Bernstein combines personal memoir, informed observation, and news-hound curiosity to offer a stirring and unforgettable panorama of France--at times exalted, troubling, and occasionally absurd.

Campaign in Germany and France Jan 27 2023

The Battle for France & Flanders Feb 22 2020 The Fall of France in 1940 has been well chronicled but numerous misconceptions remain. This fascinating and thought-provoking collection of essays on wide-ranging issues covering the politics and fighting on land, sea and in the air will be greatly welcomed by academics and military history enthusiasts. Topics covered include the preparations of the BEF, the failure of allied counter attacks, the air war, the Royal Navys's role in the campaign, the influence of the Battle on British military doctrine and the repercussions from the British, French and German angles.

Observations on the Dispute Between the United States and France, Addressed by Robert Goodloe Harper, Esq. One of the Representatives in Congress for the State of South Carolina, to His Constituents, in May, 1797. ... Second Edition Sep 30 2020 The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Delve into what it was like to live during the eighteenth century by reading the first-hand accounts of everyday people, including city dwellers and farmers, businessmen and bankers, artisans and merchants, artists and their patrons, politicians and their constituents. Original texts make the American, French, and Industrial revolutions vividly contemporary.

A History of France From the Earliest Times to the Fall of the Second Empire in 1870 (Classic Reprint) Jul 09 2021 Excerpt from A History of France From the Earliest Times to the Fall of the Second Empire in 1870 In conclusion it may be observed, that it has been the earnest endeavour of the Author to avoid the capital error of writing the History of France from an English point of view, a course which cannot fail to convey an unjust conception of the institutions, government, habits, and character of the people. What is needed is an impartial, genial, and even sympathetic account of French history. This has been the principle upon which the Work has been undertaken; but with what success it has been carried out is for competent critics to decide. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. France Since 1800 Oct 20 2019 In this concise history of France since 1815, David Parry and Pierre Girard examine distinctive features of contemporary France, tracing their origins, and investigating their continuities and transformations. Each chapter focuses on a particular

chronological period: beginning by setting the scene in terms of political events, the narrative then broadens out to consider the wider issues of society, economics, religion, the arts, gender relations, and France's relationship with Europe and with the rest of the world. This clearly written, accessible text will appeal to undergraduates studying French history, politics, and culture, as well as the general reader.

A Popular History of France Dec 02 2020 Excerpt from A Popular History of France For the last four years the eyes of the world have been fixed upon France. From the far corners of the earth, from the East and from the West, soldiers have come to fight upon the soil of this country, side by side with the French, against an invasion of the Huns. Millions of Americans have landed in France. More are coming every day. Many of them have never crossed the ocean before. All of them want to know something about the people with whom they are thrown daily into close contact. Yet it is not a time when men may sit down to study the problems of the past. The purpose therefore of this little book is to give a rapid review of the history of France, a brief account of the important events which have taken place since the First Battle of the Marne - fought against the Huns in 451 - together with a short presentation of the most eminent people, the great men and women, who have determined these events. Letters on the War Sep 11 2021 Excerpt from Letters on the War: Between Germany and France Do you know what it is that people here are afraid of? Some of our Politicians, to whom I do not belong, profess to believe in the existence of a plot of long standing between the Cabinets of Paris and Florence. They think that just as France has been forced into a war against us, so it will be with Italy, unless Italian citizens prove themselves to be stronger and wiser than the French have done. And do you know what the friends of Italy reply to his? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
