The Flower Whisperer Oct 22 2019 Academy Award, Tony Award, and Golden Globe Award winning performer, Joel Grey's early passion for flowers and plants helped form a life-long love for nature's beauty. From the tender age of just 10 years old, Grey recalls a childhood spent poring over seed catalogs searching for the perfect flower he hoped to someday nurture with love. Growing up adjoining an undeveloped parcel of land just outside of Cleveland, Ohio, Grey enjoyed the magic and splendor of flora while exploring this dark and somehow inviting mini-forest. Searching through weeds and tall grasses, his prize was occasionally his all-time-favorite, a lily of the valley in full bloom. Today, Grey is a favorite of his local New York City's flower market where he can be found regularly indulging his passion to refresh his vases with the finest petals he can locate. Appreciating the splendor of his latest bounty, Grey celebrates the fascinating and unique sexuality of these beauties with intimate views of their petals, pistils and stamens. My Secret Garden is Grey's personal testament to the sensual and mysterious sexual universe of flowers. With a deep rooted love for painterly abstraction, Grey's observations of lilies, tulips, roses, poppies, calla lilies, ranunculuses, daffodils, sunflowers, narcissuses, hydrangeas, daisies, and of course Grey's revered lily of the valley among many others, echo the feeling of the watercolors he has always yearned to create.

Barry Squires, Full Tilt Mar 07 2021 Barry Squires, Full Tilt takes readers on a romp through the streets of St. John's and into the Squires household, a place where tragedy strikes but love prevails. Derry Girls meets Billy Elliot with an East coast twist. It's 1995. When the Full Tilt Dancers give an inspiring performance at the opening of the new bingo hall, twelve-year-old Finbar (Barry) Squires wants desperately to join the troupe. Led by Father O'Flaherty, the Full Tilt Irish Step Dancers are the most sought-after act in St. John's, Newfoundland (closely followed by popular bagpiper, Alfie Bragg and his Agony Bag). Having watched Riverdance twice, Barry figures he'll nail the audition. And good thing too -- it'd be nice to be known for something other than the port wine stain on his cheek. With questionable

talent and an unpredictable temper, Barry's journey to stardom is jeopardized by his parents' refusal to take his dreams seriously. Thankfully, Barry has the support of a lively cast of characters: his ever-present grandmother, Nanny Squires; his adorable baby brother, Gord; an old British rocker named Uneven Steven; a group of geriatrics from the One Step Closer to God Nursing Home; and Saibal, a friend with whom Barry gets up to no good. Told with humor and a healthy dose of irreverence, *Barry Squires, Full Tilt* is the latest novel by Heather Smith, the award-winning author of *The Agony of Bun O'Keefe* and *Chicken Girl*.

Sword in the Stars Nov 22 2019 The difference in their uncanny eyes could not be easily discerned. In the rays of the setting sun, both Aravel's and Morlan's eyes appeared gold. In the pale moonlight...yellow. Seemingly the same. Such inscrutable likeness is the way of things with identical twins. But all who knew the two brothers well noted unmistakable differences, peculiarities more experienced than seen. Those who stood before King Aravel's gaze felt the glad firelight of a cozy inn. But those who fell under Morlan's stare felt the gleam of winter moonlight on the cold, white stone monuments in a boneyard. FROM THE BESTSELLING AUTHOR OF THE DOOR WITHIN TRILOGY comes an epic tale of two powerful kings whose rivalry threatens to tear the world of Myriad apart. Into this chaos of treachery and war, strides ex-assassin Alastair Coldhollow whose quest for redemption leads him to the one foe he cannot defeat with a thrust of his sword. Everything may hinge on an age-old prophecy, but after thousands of years, will the Sword appear in the Stars at last? With the aid of Abbagael Rivynfleur, a not-so-naive girl from the forest villages, Alastair will tread forgotten roads, face legendary creatures, and meet mysterious new races of people, all in an effort to find Myriad's Halfainin. So begins the sweeping seven-volume Myriadian Constellation. Read on to discover what happens when the Sword is in the Stars, and the moon is blood red...

Many Waters Jul 11 2021 In *A Wrinkle in Time* Quintet book two, Meg Murry, now in college, time travels with her twin brothers, Sandy and Dennys, to a desert oasis that is embroiled in war. Sandy and Dennys have always been the normal, run-of-the-mill ones in the extraordinary Murry family. They garden, make an occasional A in school, and play baseball. Nothing especially interesting has happened to the twins until they accidentally interrupt their father's experiment. Then the two boys are thrown across time and space. They find themselves alone in the desert, where, if they believe in unicorns, they can find unicorns, and whether they believe or not, mammoths and manticores will find them. The twins are rescued by Japheth, a man from the nearby oasis, but before he can bring them to safety, Dennys gets lost. Each boy is quickly embroiled in the conflicts of this time and place, whose populations includes winged seraphim, a few stray mythic beasts, perilous and beautiful nephilim, and small, long lived humans who consider Sandy and Dennys giants. The boys find they have more to do in the oasis than simply getting themselves home--they have to reunite an estranged father and son, but it won't be easy, especially when the son is named Noah and he's about to start building a boat in the desert. A Ring of Endless Light Jul 23 2022 In book four of the award-winning *Austin Family Chronicles* young adult series from Madeleine L'Engle, author of *A Wrinkle in Time*, Vicky Austin experiences the difficulties and joys of growing up. "This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved." These are Vicky Austin's thoughts as she stands near Commander Rodney's grave while her grandfather, who himself is dying of cancer, recites the funeral service. Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney's son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney's death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of

responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. Once again, Madeleine L'Engle has written a story that revels in the drama of vividly portrayed characters and events of the spiritual and moral dimensions of common human experiences. *A Ring of Endless Light* is a 1981 Newbery Honor Book. O'Keefe Sep 01 2020 In 1905 Georgia travelled to Chicago to study painting at the Art Institute of Chicago. In 1907 she enrolled at the Art Students' League in New York City, where she studied with William Merritt Chase. During her time in New York she became familiar with the 291 Gallery owned by her future husband, photographer Alfred Stieglitz. In 1912, she and her sisters studied at university with Alon Bement, who employed a somewhat revolutionary method in art instruction originally conceived by Arthur Wesley Dow. In Bement's class, the students did not mechanically copy nature, but instead were taught the principles of design using geometric shapes. They worked at exercises that included dividing a square, working within a circle and placing a rectangle around a drawing, then organising the composition by rearranging, adding or eliminating elements. It sounded dull and to most students it was. But Georgia found that these studies gave art its structure and helped her understand the basics of abstraction. During the 1920s O'Keefe also produced a huge number of landscapes and botanical studies during annual trips to Lake George. With Stieglitz's connections in the arts community of New York – from 1923 he organised an O'Keefe exhibition annually – O'Keefe's work received a great deal of attention and commanded high prices. She, however, resented the sexual connotations people attached to her paintings, especially during the 1920s when Freudian theories became a form of what today might be termed “pop psychology”. The legacy she left behind is a unique vision that translates the complexity of nature into simple shapes for us to explore and make our own discoveries. She taught us there is poetry in nature and beauty in geometry. Georgia O'Keefe's long lifetime of work shows us new ways to see the world, from her eyes to ours.

Camilla Oct 14 2021 Experience this story of first love by *A Wrinkle in Time* author Madeleine L'Engle. This classic novel is now a major motion picture, *Camilla Dickinson*. Fifteen-year-old Camilla Dickinson has led a sheltered life on the Upper East Side with her architect father and stunningly beautiful mother. But this winter the security she has always known has vanished, because her parents' marriage is coming apart - and Camilla is caught in the middle. She finds a way to escape her troubles when she meets Frank, her best friend's brother, who is someone she can really talk to about life, death, God, and her dream of becoming an astronomer. When Frank introduces her to the important people in his life, who are so different from anyone she has met before, he opens her eyes to worlds beyond her own, almost as if he were a telescope helping her to see the stars. This novel, one of the author's earliest, is the story of a girl who, with the help of her first love, leaves childhood behind and enters adulthood with a newfound sense of self and inner strength. Madeleine L'Engle's A Wrinkle in Time is one of the most beloved and influential novels for young readers ever written, a thrilling tale in which fourteen-year-old Meg Murry and her schoolmate Calvin O'Keefe use a tesseract to travel across space and time to save Meg's scientist father from dire forces threatening the universe. Georgia O'Keeffe, A Private Friendship, Part I Feb 06 2021 The time is 1887. From any window in Georgia O'Keeffe's Sun Prairie, Wisconsin birthplace home she only saw the Wisconsin prairie with its traces of roads veering around the flat marshlands and a vast sky that lifted her soul. At twelve years of age Georgia had a defining moment when she declared, "I want to be an artist." Years later from her east-facing window in Canyon, Texas she observed the Texas Panhandle sky with its focus points on the plains and a great canyon of earth history colors streaking across the flat land. Georgia's love of the vast, colorful prairie, plains and sky again gave definition to her life when she discovered Ghost Ranch north of Abiquiu, New Mexico. She fell prey to its charms which were not long removed from the echoes of the "Wild West." These views of prairie, plains and sky became Georgia's muses as she embarked on her step-by-step path with her role models—Alon Bement, Arthur Jerome Dow and Wassily Kandinsky. In this two-part biography of which this is Part I covering the period 1887–1945, Nancy Hopkins Reily "walks the Sun Prairie Land," as if in Georgia's day as a prologue to her family's friendship with Georgia in the 1940s and 1950s. Reily chronicles Georgia's defining days within the arenas of landscape, culture, people and the history surrounding each, a discourse level that Georgia would easily recognize.

Composition May 21 2022 At the turn of the twentieth century, Arthur Wesley Dow literally "wrote the book" on composition—and this is it! Dow's Composition exercised an enormous influence on emerging modern artists of a century ago. A thought-provoking examination of the nature of visual representation, it remains ever-relevant to all the visual arts. A well-known painter and printmaker, Dow taught for many years at Columbia University and acted as a mentor to countless young artists, including Georgia O'Keefe. His text, presented in a workbook format, offers teachers and students a systematic approach to composition. It explores the creation of freely constructed images based on harmonic relations between lines, colors, and dark and light patterns. The author draws upon the traditions of Japanese art to discuss a theory of "flat" formal equilibrium as an essential component of pictorial creation. Practical and well-illustrated, this classic guide offers valuable insights into modern design.

A Wrinkle in Time Aug 24 2022 Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader

doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling. As if simply being fourteen-years-old weren't bad enough—what with the usual teenage angst and uncertainty, Vicky Austin's always comforting and reliable home life is changing completely. Her brother John is going off to college in the fall. Maggy, an orphan taken in by the Austins two years ago, has gone to live with her legal guardian. And the rest of Vicky's family is moving from their quiet house in the country to the heart of New York City. But before the big move, the entire Austin family is taking a meandering trip across the country in their station wagon, stopping to camp along the way, with no set schedule and not a single night of camping experience among them. Wild animal attacks. Life-threatening natural disasters. Cute boys on the prowl. Anything can happen in the great outdoors. Dimensions of Madeleine L'Engle Nov 03 2020 Best known for her Newbery Medal-winning novel *A Wrinkle in Time*, Madeleine L'Engle (1918–2007) had a long and successful writing career. Her books enjoyed popular acclaim and she was in constant demand to give speeches, write forewords and advise and encourage younger authors. Yet her work—particularly her adult fiction—has been largely ignored by scholars. This collection of new essays gives overdue critical attention to L'Engle's complete body of work, from her familiar young adult fiction to her religious writings, poems and short stories.

Georgia O'Keeffe, A Private Friendship, Part I Jan 05 2021 The time is 1887. From any window in Georgia O'Keeffe's Sun Prairie, Wisconsin birthplace home she only saw the Wisconsin prairie with its traces of roads veering around the flat marshlands and a vast sky that lifted her soul. At twelve years of age Georgia had a defining moment when she declared, "I want to be an artist." Years later from her east-facing window in Canyon, Texas she observed the Texas Panhandle sky with its focus points on the plains and a great canyon of earth history colors streaking across the flat land. Georgia's love of the vast, colorful prairie, plains and sky again gave definition to her life when she discovered Ghost Ranch north of Abiquiu, New Mexico. She fell prey to its charms which were not long removed from the echoes of the "Wild West." These views of prairie, plains and sky became Georgia's muses as she embarked on her step-by-step path with her role models—Alon Bement, Arthur Jerome Dow and Wassily Kandinsky. In this two-part biography of which this is Part I covering the period 1887–1945, Nancy Hopkins Reily "walks the Sun Prairie Land," as if in Georgia's day as a prologue to her family's friendship with Georgia in the 1940s and 1950s. Reily chronicles Georgia's defining days within the arenas of landscape, culture, people and the history surrounding each, a discourse level that Georgia would easily recognize.

Peel Me a Lotus Jan 25 2020 In 1951 the Australian writers Charmian Clift and George Johnston left grey, post-war London for Greece. Settling first on the tiny island of Kalymnos, then Hydra, their plan was to live simply and focus on their writing. The result is Charmian Clift's best known and most loved books, *Mermaid Singing* and *Peel Me a Lotus*. *Peel Me a Lotus*, the companion volume to *Mermaid Singing*, relates their move to Hydra where they bought a house and grappled with the chaos of domestic life whilst becoming the center of an informal bohemian community of artists and writers. That group included Leonard Cohen, who became their lodger, and his girlfriend Marianne Ihlen. Clift paints an evocative picture of the characters and sun-drenched rhythms of traditional life, long before backpackers and mass tourism descended.

The Joys of Love Jun 29 2020 Moving and romantic, this coming-of-age story was written during the 1940s. As revealed in an introduction by the author's granddaughter Léna Roy, the protagonist Elizabeth is close to an autobiographical portrait of L'Engle herself as a young woman—"vibrant, vulnerable, and yearning for love and all that life has to offer." During the summer of 1946, twenty-year-old Elizabeth is doing what she has dreamed of since she was a little girl: working in the theatre. Elizabeth is passionate

about her work and determined to learn all she can at the summer theatre company on the sea where she is an apprentice actress. She's never felt so alive. And soon she finds another passion: Kurt Canitz, the dashing young director of the company, and the first man Elizabeth's ever kissed who has really meant something to her. Then Elizabeth's perfect summer is profoundly shaken when Kurt turns out not to be the kind of man she thought he was. A House Like a Lotus Mar 02 2023 By the author of A Wrinkle in Time, the conclusion to the Polly O'Keefe stories finds Polly taking an unforgettable trip to Europe, all by herself. Sixteen-year-old Polly is on her way to the island of Cyprus, where she will work as a gofer. The trip was arranged by Maximiliana Horne, a rich, brilliant artist who, with her longtime companion, Dr. Ursula Heschel, recently became the O'Keefe family's neighbor on Benne Seed Island. Max and Polly formed an instant friendship and Max took over Polly's education, giving her the encouragement and confidence that her isolated upbringing had not. Polly adored Max, even idolized her, until Max betrayed her. In Greece, Polly finds romance, danger, and unique friendships. But can she ever forgive Max?
