In the 'Song of My People' internationally acclaimed liturgical composer Liam Lawton tells the story behind his music. For the past 10 years he has been drawing inspiration from the rich and beautiful heritage of his native land, never tiring of discovering connections between people, landscape and spirituality, one constantly influencing the other. Song of My People tells the story of what has inspired him to compose. He explores what it is about the native Irish tradition that has created some of the most beautiful and lyrical melodies despite knowing times of great strife and struggle. This is not an academic study but rather a compelling look into the world that has shaped Liam Lawton's music, from the early Christian settlers in Ireland, to the stories of Famine days to the contemporary world of Irish music. Do you have a longing to know God more intimately? Do you desire a rock-solid faith to believe God for the challenges you are facing, regardless of how you may feel? This powerful new book by award-winning Gospel singer-songwriter and Bible teacher Babbie Mason challenges you to examine your personal relationship with God and make up your mind to believe God's Word, regardless of your feelings or circumstances, and take hold of some non-negotiable principles of the faith. Whether you are wrestling with questions or fears, facing a health or financial or other crisis, or struggling in your relationships, these principles will enable you to trust God with your doubts, cease your wavering, and drive a spiritual stake of faith in the ground. Drawing upon the powerful words of 2 Timothy 1:12, Babbie identifies five spiritual "landmarks" that point us to foundational promises in God's Word we can know beyond a shadow of a doubt. His historical romances of frontier and Indian life in the early American days created a unique form of American literature. Before embarking on his career as a writer, Cooper served in the U.S. Navy as a Midshipman, which greatly influenced many of his novels and other writings. The novel that launched his career was *The Spy*, a tale about counterespionage set during the Revolutionary War. He also wrote numerous sea stories, and his best-known works are five historical novels of the frontier period known as the *Leatherstocking Tales*. Among his most famous works is the Romantic novel *The Last of the Mohicans*, often regarded as his masterpiece. "The *Misadventures of a Boomer*" is a series of true stories from life in southeastern North Carolina. Not intended to be a life story but just memories that stuck with the author. Covering the periods from childhood through retirement, Mac's stories include his travels overseas following his favorite rock band, as well as recollections about his favorite college sports team. Many of the stories are humorous, but some are more sentiment in nature. Irish music enjoyed popularity across Europe and North America in the second half of the twentieth century. Regional circumstances created a unique reception for such music in the English Midlands. This book is a musical ethnography of Birmingham, 1950–2010. Initially establishing geographical and chronological parameters, the book cites Birmingham's location at the hub of a road and communications network as key to the development of Irish music across a series of increasingly visible, public sites: Birmingham's branch of Comhaltas Ceoltóirí Éireann was established in the domestic space of an amateur musician; Birmingham's folk clubs encouraged a blend of Irish music with socialist politics, from which the Dublin singer Luke Kelly honed his trade; Irish solidarity was fostered in Birmingham's churches. Each of these examples begins with a performance at Birmingham Town Hall in order to show how a single venue also provides musical representations that are mutable over time. The culmination is Birmingham's St Patrick's Parade. This, the largest Irish procession outside Dublin and New York, manifests an incoherent blend of sounds. The audio montage, nevertheless, creates a coherent metanarrative: one in which the local community has conquered a number of challenges (most especially that of the IRA bombings of the area) and has moved Irish music from private arenas to the centre of this large civic event. The development of a music campus at Fort Lawton in Discovery Park with an adaptive re-use of eight historic military buildings and the construction of a new underground concert hall. This thesis will develop a program that would promote music education, support Seattle's music community and contribute to the city's cultural scene. Three preservation strategies are offered that would allow the re-use of the historic buildings within the setting of the parade ground open space; strategies that would support Discovery Park's primary function as a nature park, and would enrich it with the presence of music. From the mixed blood of his white father and his Cherokee ancestors, John Dane is a born warrior who finds his niche when he joins the United States Marines and goes to fight in Korea. Here, he learns to unleash his violent instincts fighting Korea's Chinese Communists. Sharpening his deadly combat skills, Dane soon becomes a professional soldier-for-hire, stalking enemy after enemy in the jungles of Laos and Vietnam. As Colonel Dane, black belt, mercenary soldier-adventurer, he falls in love with a beautiful war correspondent, whom he rescues from the Vietcong in a deadly mission. Cooper's first major success, *The*

Spy, is also his first book set in the period of the American War of Independence. The story starts in 1870 in the area of the country, which was between British-held New York and the Constitutional Army in the Hudson River Valley and upstate New York. The household of Mr Wharton and his daughters is visited by the three main protagonists of the story: the mysterious Mr Harper, an American loyalist; Captain Henry Wharton, the son of the house and an officer in the British Army; and Mr Harvey Birch, suspected of being a British spy. The differing loyalties of these men are reflected in the differing loyalties of the household they visit with the father trying to remain neutral, his daughter Sarah a supporter of the British and his other daughter Frances supporting the American rebels. The fates of these characters become inextricably linked as they face not only the perils of war, but also the sufferings of the human heart. This is a compelling adventure, which brings to life all the dangers, heartbreak and hope of a society at war with itself. Evans, Sword and the Atopen by Taylor H. Greenfield, Theodore Dreiser led a long and controversial life, almost always pursuing some serious question, and not rarely pursuing women. This collection, the second volume of Dreiser correspondence to be published by the University of Illinois Press, gathers previously unpublished letters Dreiser wrote to women between 1893 and 1945, many of them showing personal feelings Dreiser revealed nowhere else. Here he both preens and mocks himself, natters and scolds, relates his jaunts with Mencken and his skirmishes with editors and publishers. He admits his worries, bemoans his longings, and self-consciously embarks on love letters that are unafraid to smolder and flame. To one reader he sends "Kisses, Kisses, Kisses, for your sweet mouth" and urges his needy requests: "Write me a love-letter Honey girl." Alongside such amorous play, he often expressed his deepest feelings on philosophical, religious, and social issues that characterize his public writing. Chronologically arranged and meticulously edited by Thomas P. Riggio, these letters reveal how wide and deep Dreiser's needs were. Dreiser often discussed his writing in his letters to women friends, telling them what he wanted to do, where he thought he succeeded and failed, and seeking approval or criticism. By turns seductive, candid, coy, and informative, these letters provide an intimate view of a master writer who knew exactly what he was after. The Good Friday Agreement resulted in the cessation of paramilitary violence in Northern Ireland. However, prejudice and animosity between Protestants and Catholics remains. The Real Peace Process draws on extensive fieldwork in Protestant and Catholic churches across Ireland to analyse how Christian worship can become caught up in sectarianism. The book examines the need for a peace process that changes hearts and minds and not merely civic structures of their inhabitants. Aspects of everyday worship – ranging from the spatial and symbolic to the verbal, musical and interpersonal – are explored as the means by which sectarianism can be challenged and transformed.
