The Key to Destiny's Door Mar 20 2022 **THE KEY TO DESTINY'S DOOR!** he entire universe has in it 'BOXES' of treasures. Each of these treasures are being locked in a box. While some sees these treasure boxes as full-loads of problems, others sees it as an opportunity to do exploit. Either ways, they are right, because every problem is

meant to be solved and every opportunity is meant to be seized. The BOX is a shield, a covering and a dwelling place for treasures. What can prevent you from accessing and acquiring these treasures is the BOX. In order to gain entry into these household of treasures-'the BOX', all you need is the KEY. The BOX can be referred as PROBLEMS while the KEY can be seen as your GIFT and TALENT, which we all have! God brought us to a world filled with PROBLEMS, because there is something the earth need that is in us-SOLUTIONS. We are created to solve problems, so if you're not solving a problem, then you're one of the problems! Ones greatness can only be measured up by the numbers of problem he or she solved. We all are born with the KEY but how can we identify the right BOX? We all are born with an "ANSWER", the problem is how can we get the QUESTION? That's where purpose steps in: without purpose you might live your entire life using the right key on the wrong lock. Having the key without knowing the right lock is useless. Also, having the answer without knowing the question is utterly useless. KEYS are not meant to open all DOORS but they are designated to open the RIGHT DOORS. For a door to open, the key must match with the lock. Thus; for you to excel in life, your GIFT and TALENT must match with your PURPOSE and CALLING. It is said; Thomas Edison was afraid of the dark-he invented the electric bulb. To analyze this, the "Dark" was his problem, and the

"electric bulb" he invented is the answer to his problem. You must know this; the world will benefit more from your gift much more than yourself. That is why it is being called a gift. What key are you born with? And what box are you supposed to unlock? The KEY is your GIFT; the lock is your DESTINY. Your gift is the only thing that can connect you to your destiny. Remember this as long as you live; the GIFT you carry is an answered prayer to the world problem-make use of it!

Exploring Parables in Luke Feb 25 2020 It is no easy task to move from a general proficiency in English to navigating the specialized English so often used in theological resources. In addition to linguistic challenges, theology students with English as a second language encounter difficult concepts and different ways of thinking. In response, *Exploring Parables in Luke* aims to help such students engage with theological literature more effectively. Chapter by chapter, as students work through the theologically rich explorations of Jesus' parables, they will grow in their proficiency of both English and theology. As a result, students will not only have a greater ability to access English language theological libraries, but also contribute to

them.

Powerful Prayer Secrets Jul 24 2022 This book reveals several prayer secrets. It emphasizes the need to choose the required keys to get access to everything that God has provided for you, but it must be done with the right knowledge. This book explains the kingdom's keys to having your prayers answered all the time. You'll recognize some obstacles to your prayers and take urgent action to address them. These are not theoretical processes for answering prayers, but proper steps that have been used for centuries. Some of these prayer secrets are not new, but they have been tested and proven. Kenneth Hagin, Kenneth Copeland, and David Oyedepo, among others, have emphasized the importance of these keys to prayer. Many individuals have been dissatisfied and bored with praying since their expectations are not met in prayers. Some have even given up praying. Prayer is the key to heaven's doors. Jesus highlighted the need for persistence in prayer. Our prayers should flow from our innermost longings and desires, which we should not be afraid to express to God in prayer regularly. "Men must continue to pray and not to give up," Jesus remarked in Luke 18:1 He presented the story of an unfair judge who care less about giving justice to a poor widow who, despite this, could win justice merely by asking the judge to give her the justice she was seeking regularly. So our Lord stated we should pray to God

with the same tenacity, not because God is a hesitant judge, but that the example of even an unjust judge giving in at the end to his petitioner's constant supplication was a lesson to Christians to pray. As a result, persistence in prayer is an important aspect of prayer. It shows not just that we truly want what we're asking for, but also that we trust God will respond. You'll discover what it means to be concise in prayer, how to apply God's word to a real-life situation, how to stand on God's word in prayer, how to demand what is properly yours in prayer, how to put the word to work, and much more in this new book. Pastor Fola Ademolu is a Bible teacher and a prayer warrior whose prayer lectures have helped and influenced countless lives throughout the world. As a preacher of the word of faith, he has integrated the word with prayer, resulting in more effective prayers.

Daniel Dec 05 2020 Some dreams or visions, if they are symbolic in nature, require an interpretation. This unique book "Daniel: Understanding the Dreams and Visions" unlocks and explains the structure and mysteries of the prophecies in the book of Daniel. It reveals the keys that the prophet Daniel has presented to unlock the prophecies of the Bible. "Daniel" expounds the prophecies in four distinct visions of how God has revealed the rise and fall of the seven earthly kingdoms/empires many centuries in advance. The truths of these prophecies have withstood every attack from every scholar and skeptic. According to the Talmud and the Hebrew Scriptures, Daniel received and interpreted dreams and visions, similar to many other Jewish prophets. This new book brings much needed clarity to the text of the prophecies of Daniel through the definitions of codewords, maps, pictures, illustrations, charts, tables and secular historical records. The Author adds comments only where necessary. An understanding of the Old Testament book of Daniel will set the foundation for a better understanding the prophecies in the book of Revelation. In this book the author adopts a detailed but simple approach to an intricate and complex web of prophetic truths of

coming world events. The object of this book is to clarify the symbolisms and cryptic codes in the ancient yet futuristic prophecies of Daniel. For as Jesus said, "And now I have told you before it come to pass, that, when it is come to pass, ye might believe." JOHN 14:29. "Take heed that no man deceive you." Matt. 24:4.

An Answer to J[ames] O[wen]'s Arguments for Ordination by Presbyters without Bishops. Recommended [and edited] by the Reverend Dr. G. Hickes Apr 20 2022
The Gospel of the Kingdom May 22 2022

Serious students of the Bible sometimes lose sight of the fact that the study and interpretation of Scripture should never be an end in itself. God has given men His Word written for a practical purpose: “That the man of God may be complete, equipped for every good work” (II Tim. 3:17). When a gulf exists between the lecture-room and the pulpit, sterility in the class-room and superficiality in the pulpit often result. The present author has given much attention to the technical study of the Biblical doctrine of the Kingdom of God. No teaching of the New Testament has been more vigorously debated than this. However, the Kingdom of God was the central message of our Lord’s ministry. He “went about all Galilee ... preaching the gospel of the kingdom” (Matt. 4:23). This element of proclamation has often been engulfed in debate and argument. The following pages are proclamation. While it is obvious that a distinct point of view underlies the proclamation, the purpose

is not to defend the point of view or to discuss optional interpretations or critical and theological problems, but to attempt to follow our Lord's example by proclaiming Good News.

Kingdoms of Life - Fungi (eBook) Sep 13 2021 Milliken's Kingdoms of Life series is aligned with national science standards and reflects current teaching practices. Each

book includes approximately 50 black and white reproducible pages, 12 full-color transparencies (print books) or PowerPoint slides (eBooks), comprehension questions and lab activities for each unit, an answer key, a glossary of bolded terms, a timeline of biological discovery, a laboratory safety guide, as well as a national standards correlation chart. Fungi details the anatomy and behavior of eukaryotic organisms which sustain themselves by feeding on (in most cases) dead and decaying organic materials. Some fungi are parasites, and attack and consume living tissues (athlete's foot, for example).

Kingdoms of Life - Protista (eBook) Jun 22 2022 Milliken's Kingdoms of Life series is aligned with national science standards and reflects current teaching practices. Each book includes approximately 50 black and white reproducible pages, 12 full-color transparencies (print books) or PowerPoint slides (eBooks), comprehension questions and lab activities for each unit, an answer key, a glossary of bolded terms, a timeline of biological discovery, a laboratory safety guide, as well as a national standards correlation chart. Protista details the structure and behavior of protists — distinguished from monera principally by being composed of so-called "true cells" (eukaryotes), or cells containing a distinct nucleus. Protists can be either unicellular or multicellular and include most algae and some fungi.

Prayer Is the Key to the Kingdom Feb 04 2021 Prayer is the Key to the Kingdom opens up the history of prayer. It focuses on what prayer is, on who God is, the names of God, and why we need to pray. It explains the importance of prayer, why you should pray, and how and when you should pray. It gives clear, concise, and helpful examples of the types and forms of prayer. The benefits of prayer are real. God does answer prayer in his time. God's answers are for our good, not always what we pray for.
