The Terror Factory May 29 2020 Reveals how the FBI has built a vast network of informants to infiltrate Muslim communities and fabricate terrorist plots in order to make the appearance that the bureau is winning the war on terror.

Music in Black American Life, 1945-2020 Mar 27 2020 This second volume of Music in Black American Life offers research and analysis that originally appeared in the journals American Music and Black Music Research Journal, and in two book series published by the University of Illinois Press: Music in American Life, and African American Music in Global

Perspective. In this collection, a group of predominately Black scholars explores a variety of topics with works that pioneered new methodologies and modes of inquiry for hearing and studying Black music. These extracts and articles examine the World War II jazz scene; look at female artists like gospel star Shirley Caesar and jazz musician-arranger Melba Liston; illuminate the South Bronx milieu that folded many forms of black expressive culture into rap; and explain Hamilton's massive success as part of the "tanning" of American culture that began when Black music entered the mainstream. Part sourcebook and part survey of historic music scholarship, Music in Black American Life, 1945-2020 collects groundbreaking work that redefines our view of Black music and its place in American music history. Contributors: Nelson George, Wayne Everett Goins, Claudrena N. Harold, Eileen M. Hayes, Loren Kajikawa, Robin D. G. Kelley, Tammy L. Kernodle, Cheryl L. Keyes, Gwendolyn Pough, Bernice Johnson Reagon, Mark Tucker, and Sherrie Tucker

An American Life Aug 01 2020

Garcia: An American Life Sep 13 2021 He was there when Dylan went electric, when a generation danced naked at Woodstock, and when Ken Kesey started experimenting with acid. Jerry Garcia was one of the most gifted musicians of all time, and he was a member of one of the most worshiped rock 'n' roll bands in history. Now, Blair Jackson, who covered the Grateful Dead for twenty-five years, gives us an unparalleled portrait of Garcia--the musical genius, the brilliant songwriter, and ultimately, the tortured soul plagued by his own addiction. With more than forty photographs, many of them previously unpublished, Garcia: An American Life is the ultimate tribute to the man who, Bob Dylan said, "had no equal."

The Promise of American Life Nov 03 2020

An American Life Feb 28 2023 Ronald Reagan's autobiography is a work of major historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account of this childhood, we understand how his parents, struggling to make ends meet despite family problems and the rigors of the Depression, shaped his belief in the virtues of American life—the need to help others, the desire to get ahead and to get things done, the deep trust in the basic goodness, values, and sense of justice of the American people—virtues that few presidents have expressed more eloquently than Ronald Reagan. With absolute authority and a keen eye for the details and the

anecdotes that humanize history, Ronald Reagan takes the reader behind the scenes of his extraordinary career, from his first political experiences as president of the Screen Actors Guild (including his first meeting with a beautiful young actress who was later to become Nancy Reagan) to such high points of his presidency as the November 1985 Geneva meeting with Mikhail Gorbachev, during which Reagan invited the Soviet leader outside for a breath of fresh air and then took him off for a walk and a man-to-man chat, without aides, that set the course for arms reduction and charted the end of the Cold War. Here he reveals what went on behind his decision to enter politics and run for the governorship of California, the speech nominating Barry Goldwater that first made Reagan a national political figure, his race for the presidency, his relations with the members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of the world as a friendly and peaceful power. His narrative is full of insights, from the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. An American Life is a warm, richly detailed, and deeply human book, a brilliant self-portrait, a significant work of history.

George F. Kennan Nov 27 2022 The full scope of George Kennan's long life and vast influence is revealed by one of today's most important Cold War scholars. Yale historian

Gaddis began this magisterial history almost 30 years ago; the result is a remarkably revealing view of how this greatest of Cold War strategists came to doubt his strategy and always doubted himself.

Reagan Oct 03 2020 From the two-time Pulitzer Prize finalist, bestselling historian, and author of Our First Civil War—and "the rare academic historian who can write like a bestselling novelist" (USA Today)—comes an irresistible portrait of an underestimated politician whose pragmatic leadership and steadfast vision transformed the nation. In his magisterial new biography, H. W. Brands brilliantly establishes Ronald Reagan as one of the two great presidents of the twentieth century, a true peer to Franklin Roosevelt. Reagan conveys with sweep and vigor how the confident force of Reagan's personality and the unwavering nature of his beliefs enabled him to engineer a conservative revolution in American politics and play a crucial role in ending communism in the Soviet Union. Reagan shut down the age of liberalism, Brands shows, and ushered in the age of Reagan, whose defining principles are still powerfully felt today. Employing archival sources not available to previous biographers and drawing on dozens of interviews with surviving members of Reagan's administration, Brands has crafted a richly detailed and fascinating narrative of the presidential years. He offers new insights into Reagan's remote management style and fractious West Wing staff, his deft handling of public sentiment to transform the tax code, and his deeply misunderstood relationship with Soviet leader Mikhail Gorbachev, on which nothing less than the fate of the world turned.

Burt Lancaster Feb 04 2021 Burt Lancaster is perhaps most widely remembered as the tough, iron-jawed star of films such

as Gunfight at the OK Corral and Airport. But as this superbly readable and insightful biography demonstrates, he was an actor with much broader ambitions – brilliantly realised in Visconti's The Leopard – as well as the founder of the first actor-led production company in Hollywood. Lancaster's liberal political views led not only to frequent clashes with the House Un-American Activities Committee and a voluminous FBI file, but also a private life that was colourful even by Hollywood standards. Although a devoted father and husband (to three wives), the actor took numerous lovers – of both sexes. In his sexual tastes as in his choice of roles, he defied classification. Kate Buford's definitive biography offers a full, frank, sensitive and compelling portrait of the star of Atlantic City, From Here to Eternity and Elmer Gantry (for which he won a Best Actor Oscar). Lancaster emerges as a man of restless energy, relentless curiosity and continual development as an actor: a star every bit as interesting offscreen as on. As one American reviewer put it: 'Not many film stars receive first-class biographies; Burt Lancaster not only deserved one, he got one.' Acclaimed biographer Kate Buford has been a regular commentator on National Public Radio in the United States since 1994.

Mellon Aug 13 2021 A landmark work from one of the preeminent historians of our time: the first published biography of Andrew W. Mellon, the American colossus who bestrode the worlds of industry, government, and philanthropy, leaving his transformative stamp on each. Andrew Mellon, one of America's greatest financiers, built a legendary personal fortune from banking to oil to aluminum manufacture, tracking America's course to global economic supremacy. As treasury secretary under Presidents Harding, Coolidge, and finally Hoover, Mellon made the federal

government run like a business—prefiguring the public official as CEO. He would be hailed as the architect of the Roaring Twenties, but, staying too long, would be blamed for the Great Depression, eventually to find himself a broken idol.

Collecting art was his only nonprofessional gratification and his great gift to the American people, The National Gallery of Art, remains his most tangible legacy.

Martha Washington Nov 15 2021 With this revelatory and painstakingly researched book, Martha Washington, the invisible woman of American history, at last gets the biography she deserves. In place of the domestic frump of popular imagination, Patricia Brady resurrects the wealthy, attractive, and vivacious young widow who captivated the youthful George Washington. Here are the able landowner, the indomitable patriot (who faithfully joined her husband each winter at Valley Forge), and the shrewd diplomat and emotional mainstay. And even as it brings Martha Washington into sharper and more accurate focus, this sterling life sheds light on her marriage, her society, and the precedents she established for future First Ladies.

Jack London: An American Life May 22 2022 A revelatory look at the life of the great American author—and how it shaped his most beloved works Jack London was born a working class, fatherless Californian in 1876. In his youth, he was a boundlessly energetic adventurer on the bustling West Coast—an oyster pirate, a hobo, a sailor, and a prospector by turns. He spent his brief life rapidly accumulating the experiences that would inform his acclaimed bestselling books *The Call of the Wild*, *White Fang*, and *The Sea-Wolf*. The bare outlines of his story suggest a classic rags-to-riches tale, but London the man was plagued by contradictions. He chronicled nature at its most savage, but wept helplessly at

the deaths of his favorite animals. At his peak the highest paid writer in the United States, he was nevertheless forced to work under constant pressure for money. An irrepressibly optimistic crusader for social justice and a lover of humanity, he was also subject to spells of bitter invective, especially as his health declined. Branded by shortsighted critics as little more than a hack who produced a couple of memorable dog stories, he left behind a voluminous literary legacy, much of it ripe for rediscovery. In Jack London: An American Life, the noted Jack London scholar Earle Labor explores the brilliant and complicated novelist lost behind the myth—at once a hard-living globe-trotter and a man alive with ideas, whose passion for seeking new worlds to explore never waned until the day he died. Returning London to his proper place in the American pantheon, Labor resurrects a major American novelist in his full fire and glory.

Man Out Nov 23 2019 The story of men who are hurting—and hurting America by their absence Man Out describes the millions of men on the sidelines of life in the United States. Many of them have been pushed out of the mainstream because of an economy and society where the odds are stacked against them; others have chosen to be on the outskirts of twenty-first-century America. These men are disconnected from work, personal relationships, family and children, and civic and community life. They may be angry at government, employers, women, and "the system" in general—and millions of them have done time in prison and have cast aside many social norms. Sadly, too many of these men are unsure what it means to be a man in contemporary society. Wives or partners reject them; children are estranged from them; and family, friends, and neighbors are embarrassed by them. Many have disappeared into a

netherworld of drugs, alcohol, poor health, loneliness, misogyny, economic insecurity, online gaming, pornography, other off-the-grid corners of the internet, and a fantasy world of starting their own business or even writing the Great American novel. Most of the men described in this book are poorly educated, with low incomes and often with very few prospects for rewarding employment. They are also disproportionately found among millennials, those over 50, and African American men. Increasingly, however, these lost men are discovered even in tony suburbs and throughout the nation. It is a myth that men on the outer corners of society are only lower-middle-class white men dislocated by technology and globalization. Unlike those who primarily blame an unjust economy, government policies, or a culture sanctioning "laziness," Man Out explores the complex interplay between economics and culture. It rejects the politically charged dichotomy of seeing such men as either victims or culprits. These men are hurting, and in turn they are hurting families and hurting America. It is essential to address their problems. Man Out draws on a wide range of data and existing research as well as interviews with several hundred men, women, and a wide variety of economists and other social scientists, social service providers and physicians, and with employers, through a national online survey and in-depth fieldwork in several communities.

Religion in American Life Jun 10 2021 "Quite ambitious, tracing religion in the United States from European colonization up to the 21st century.... The writing is strong throughout."--Publishers Weekly (starred review) "One can hardly do better than Religion in American Life.... A good read, especially for the uninitiated. The initiated might also read it for its felicity of narrative and the moments of

illumination that fine scholars can inject even into stories we have all heard before. Read it."--Church History This new edition of Religion in American Life, written by three of the country's most eminent historians of religion, offers a superb overview that spans four centuries, illuminating the rich spiritual heritage central to nearly every event in our nation's history. Beginning with the state of religious affairs in both the Old and New Worlds on the eve of colonization and continuing through to the present, the book covers all the major American religious groups, from Protestants, Jews, and Catholics to Muslims, Hindus, Mormons, Buddhists, and New Age believers. Revised and updated, the book includes expanded treatment of religion during the Great Depression, of the religious influences on the civil rights movement, and of utopian groups in the 19th century, and it now covers the role of religion during the 2008 presidential election, observing how completely religion has entered American politics.

Act One Mar 20 2022 The Dramatic Story that Captivated a Generation With this new edition, the classic best-selling autobiography by the late playwright Moss Hart returns to print in the thirtieth anniversary of its original publication. Issued in tandem with Kitty, the revealing autobiography of his wife, Kitty Carlisle Hart, Act One, is a landmark memoir that influenced a generation of theatergoers, dramatists, and general book readers everywhere. The book eloquently chronicles Moss Hart's impoverished childhood in the Bronx and Brooklyn and his long, determined struggle to his first theatrical Broadway success, Once in a Lifetime. One of the most celebrated American theater books of the twentieth century and a glorious memorial to a bygone age, Act One is filled with all the wonder, drama, and heartbreak that

surrounded Broadway in the 1920s and the years before World War II.

Barnum Apr 20 2022 “Robert Wilson’s *Barnum*, the first full-dress biography in twenty years, eschews clichés for a more nuanced story...It is a life for our times, and the biography *Barnum* deserves.” —The Wall Street Journal P.T. Barnum is the greatest showman the world has ever seen. As a creator of the Barnum & Baily Circus and a champion of wonder, joy, trickery, and “humbug,” he was the founding father of American entertainment—and as Robert Wilson argues, one of the most important figures in American history. Nearly 125 years after his death, the name P.T. Barnum still inspires wonder. Robert Wilson’s vivid new biography captures the full genius, infamy, and allure of the ebullient showman, who, from birth to death, repeatedly reinvented himself. He learned as a young man how to wow crowds, and built a fortune that placed him among the first millionaires in the United States. He also suffered tragedy, bankruptcy, and fires that destroyed his life’s work, yet willed himself to recover and succeed again. As an entertainer, Barnum courted controversy throughout his life—yet he was also a man of strong convictions, guided in his work not by a desire to deceive, but an eagerness to thrill and bring joy to his audiences. He almost certainly never uttered the infamous line, “There’s a sucker born every minute,” instead taking pride in giving crowds their money’s worth and more. Robert Wilson, editor of *The American Scholar*, tells a gripping story in *Barnum*, one that’s imbued with the same buoyant spirit as the man himself. In this “engaging, insightful, and richly researched new biography” (*New York Journal of Books*), Wilson adeptly makes the case for P.T. Barnum’s place among the icons of American history, as a figure who represented, and indeed

created, a distinctly American sense of optimism, industriousness, humor, and relentless energy.

George F. Kennan Dec 29 2022 Winner of the 2012 Pulitzer Prize in Biography Widely and enthusiastically acclaimed, this is the authorized, definitive biography of one of the most fascinating but troubled figures of the twentieth century by the nation's leading Cold War historian. In the late 1940s, George F. Kennan—then a bright but, relatively obscure American diplomat—wrote the "long telegram" and the "X" article. These two documents laid out United States' strategy for "containing" the Soviet Union—a strategy which Kennan himself questioned in later years. Based on exclusive access to Kennan and his archives, this landmark history illuminates a life that both mirrored and shaped the century it spanned.

Social Trends in American Life Dec 05 2020 Changes in American social attitudes and behaviors since the 1970s Social Trends in American Life assembles a team of leading researchers to provide unparalleled insight into how American social attitudes and behaviors have changed since the 1970s. Drawing on the General Social Survey—a social science project that has tracked demographic and attitudinal trends in the United States since 1972—it offers a window into diverse facets of American life, from intergroup relations to political views and orientations, social affiliations, and perceived well-being. Among the book's many important findings are the greater willingness of ordinary Americans to accord rights of free expression to unpopular groups, to endorse formal racial equality, and to accept nontraditional roles for women in the workplace, politics, and the family. Some, but not all, signs indicate that political conservatism has grown, while a few suggest that Republicans and Democrats are more polarized. Some forms of social

connectedness such as neighboring have declined, as has confidence in government, while participation in organized religion has softened. Despite rising standards of living, American happiness levels have changed little, though financial and employment insecurity has risen over three decades. Social Trends in American Life provides an invaluable perspective on how Americans view their lives and their society, and on how these views have changed over the last two generations.

The Quality of American Life Jan 24 2020 Considers how Americans define the quality of their life experiences, as expressed in their perceptions, evaluations, and satisfactions. Based on research conducted by the Institute for Social Research at the University of Michigan, the book uses data which are representative of the national population eighteen years of age and older, and employs the major social characteristics of class, age, education, and income. The authors cover such topics as the residential environment, the experience of work, marriage, and family life, and personal resources and competence. They also report on the situation of women and the quality of the life experience of black people.

Desexualization in American Life Jun 30 2020 Originally published as The New People, this classic volume examines the great changes in popular culture that unfolded in the 1960s with major steps toward political, racial, gender, and social empowerment. The popular culture of the time expressed a series of themes that have become, if not more significant, then certainly more visible in the 1990s. We are now entering the third generation of Americans who are living out the themes that are traced in this book. The author sees a depolarization, a neutering in content and key people in the

popular arts. Some of these trends result from technological changes and others reflect what is happening in the psychosocial interior of the family as well as larger economic movements. Winick believes that in such wide-ranging features of our society as sports, furniture, and architecture, the expression of an epoch can be identified. Clothing conveys the imbalance and ambiguity that reflect larger social forces and that have been identified more recently by Jacques Lacan as so important in modern life. Desexualization in American Life is remarkably prescient and accurate in identifying key trends that affect us today and will continue to do so for the remainder of the decade.

This American Life Sef (New and Expanded Edition) Jan 06 2021 The story of anyone's American journey needs no embellishment. America has a way of surprising people who leave other parts of the world to make America home. Whatever their expectations may be, America finds a way to intervene and interpret those expectations. These are the stories of Africans who have made that historic journey and the transformations their lives went through as a result. In this new and expanded edition, Rudolf Ogoo Okonkwo brings home the reality of America for African immigrants. These are stories that Africans in Europe and Asia can relate to.

Margaret Fuller Jun 22 2022 Provides a portrait of Thoreau's editor and Emerson's friend, who was also a daring war correspondent and a crusader for women's rights who had a passion for her life's work, which was eclipsed by tragedy and scandal after her death at the age of forty.

The Holocaust in American Life Apr 08 2021 An award-winning history scholar explores the impact of the Holocaust in American political and cultural life, examining its role as a moral reference point for all Americans and the ways in which

Jews have used it to define a distinctive identity for themselves. Tour.

This Muslim American Life May 10 2021 Winner of the 2016 Evelyn Shakir Non-Fiction Arab American Book Award A collection of insightful and heartbreaking essays on Muslim-American life after 9/11 Over the last few years, Moustafa Bayoumi has been an extra in Sex and the City 2 playing a generic Arab, a terrorist suspect (or at least his namesake “Mustafa Bayoumi” was) in a detective novel, the subject of a trumped-up controversy because a book he had written was seen by right-wing media as pushing an “anti-American, pro-Islam” agenda, and was asked by a U.S. citizenship officer to drop his middle name of Mohamed. Others have endured far worse fates. Sweeping arrests following the terrorist attacks of September 11, 2001 led to the incarceration and deportation of thousands of Arabs and Muslims, based almost solely on their national origin and immigration status. The NYPD, with help from the CIA, has aggressively spied on Muslims in the New York area as they go about their ordinary lives, from noting where they get their hair cut to eavesdropping on conversations in cafés. In This Muslim American Life, Moustafa Bayoumi reveals what the War on Terror looks like from the vantage point of Muslim Americans, highlighting the profound effect this surveillance has had on how they live their lives. To be a Muslim American today often means to exist in an absurd space between exotic and dangerous, victim and villain, simply because of the assumptions people carry about you. In gripping essays, Bayoumi exposes how contemporary politics, movies, novels, media experts and more have together produced a culture of fear and suspicion that not only willfully forgets the Muslim-American past, but also threatens all of our civil liberties in the present.

Kamala's Way Feb 16 2022 A revelatory biography of the first Black woman to stand for Vice President, charting how the daughter of two immigrants in segregated California became one of this country's most effective power players. There's very little that's conventional about Kamala Harris, and yet her personal story also represents the best of America. She grew up the eldest daughter of a single mother, a no-nonsense cancer researcher who emigrated from India at the age of nineteen in search of a better education. She and her husband, an accomplished economist from Jamaica, split up when Kamala was only five. The Kamala Harris the public knows today is tough, smart, quick-witted, and demanding. She's a prosecutor—her one-liners are legendary—but she's more reticent when it comes to sharing much about herself, even in her memoirs. Fortunately, former Los Angeles Times reporter Dan Morain has been there from the start. In Kamala's Way, he charts her career from its beginnings handling child molestation cases and homicides for the Alameda County District Attorney's office and her relationship as a twenty-nine-year-old with the most powerful man in the state: married Assembly Speaker Willie Brown, a relationship that would prove life-changing. Morain takes readers through Harris's years in the San Francisco District Attorney's Office, explores her audacious embrace of the little-known Barack Obama, and shows the sharp elbows she deployed to make it to the US Senate. He analyzes her failure as a presidential candidate and the behind-the-scenes campaign she waged to land the Vice President spot. Along the way, he paints a vivid picture of her values and priorities, the kind of people she brings into her orbit, the sorts of problems she's good at solving, and the missteps, risks, and bold moves she's made on her way to the top. Kamala's Way

is essential reading for all Americans curious about the woman standing by Joe Biden's side.

Nobody's Son Feb 25 2020 Born in Tijuana to a Mexican father and an Anglo mother, Urrea moved to San Diego at age three. In this memoir of his childhood, Urrea describes his experiences growing up in the barrio and his search for cultural identity.

Daniel Boone Oct 15 2021 "The embodiment of the American hero, the man of action, the pathfinder, Daniel Boone represents the great adventure of his age—the westward movement of the American people. *Daniel Boone: An American Life* brings together over thirty years of research in an extraordinary biography of the quintessential pioneer. Based on primary sources, the book depicts Boone through the eyes of those who knew him and within the historical contexts of his eighty-six years. The story of Daniel Boone offers new insights into the turbulent birth and growth of the nation and demonstrates why the frontier forms such a significant part of the American experience.

Condoleezza Rice: An American Life Sep 25 2022 Condoleezza Rice, one of most powerful and controversial women in the world, has until now remained a mystery behind an elegant, cool veneer. In this stunning new biography, New York Times reporter Elisabeth Bumiller peels back the layers and presents a revelatory portrait of the first black female secretary of state and President George W. Bush's national security adviser on September 11, 2001. The book relates in more intimate detail than ever before the personal voyage of a young black woman out of the segregated American South and also tells the sweeping story of a tumultuous half-century in the nation's history. In *Condoleezza Rice: An American Life*, we see Rice's Alabama childhood under Bull Connor's

reign of terror in “Bombingham,” the name given to Birmingham when it was the central battleground of the civil rights movement; her education in foreign policy under Josef Korbel, a charismatic Czech intellectual who also happened to be the father of Madeleine Albright, the only other female secretary of state in U.S. history; and Rice’s confrontations with minorities and women while she was provost at Stanford University in the 1990s. Examining the current administration, Bumiller explores in depth Rice’s extraordinarily close relationship with George W. Bush, her battles with Vice President Dick Cheney, and her indirect but crucial role in the ousting of Defense Secretary Donald Rumsfeld. Bumiller shows us Rice missing clues to the September 11 attacks, waging war against Saddam Hussein, and counting election returns with Karl Rove in 2004. In addition, we watch Rice’s recent attempts to salvage the ruins of the Iraq policy she helped create and to avoid war with Iran. Drawing on extensive interviews with Rice and more than 150 others, including colleagues, family members, government officials, and critics, this book offers dramatic new information about the events and personalities of the Bush administration. With great insight, Bumiller explores Rice’s effectiveness as national security adviser and secretary of state, her attempts to revive classic American diplomacy, her longtime political ambitions, and her future on the world stage.

This African-American Life Mar 08 2021 Memoirs of Hugh Price, former president & CEO of National Urban League

Our America Oct 22 2019 The award-winning creators of National Public Radio's "Ghetto Life 101" and "Remorse: The 14 Stories of Eric Morse" combine talents with a young photographer to show what life is like in one of the country's darkest places: Chicago's Ida B. Wells housing project.

Photos.

An American Life Jan 30 2023 No president in this century has achieved such popularity as President Reagan did in his eight years in office. For the first time he tells the story of his public life and private life, in a book which is frank, revealing, and compellingly readable. Photographs.

Fears of Your Life Sep 01 2020 Everybody has fears in common and in this unique handwritten book, the author (an adult with developmental disabilities) battles his fears by listing more than 138 of them. He explores the depths of our most human emotion from small fears, like 'fear of bats' and 'fear of being different', to more complex fears like 'fear that if you put too much toilet paper in the toilet bowl it will run over and get all over the floor and on you and on someone else too, it would leak from upstairs to the next floor below'. This is a uniquely offbeat account of common worries and fears.

Oral Roberts Aug 25 2022 "This book may give you the best opportunity of deciding the truth about me and the ministry I hold so dear." -- Oral Roberts "Among several biographies of Oral Roberts, the most recent, most accurate, and best documented is Oral Roberts: An American Life, an objective, impressive study... " -- New York Review of Books "Oral Roberts: An American Life is more than the story of a well-known evangelist and educator. It is the story of a part of the American religious life that not many Americans know or understand.... Dr. Harrell has researched thoroughly and written superbly." -- Billy Graham "... a first-rate biography, one which should give pause to Roberts' supporters and critics alike.... Roberts' first scholarly biographer has done a beautiful job." -- Allen Boyer, Newsday

Stan Musial Dec 17 2021 NATIONAL BESTSELLER Veteran sports journalist George Vecsey finally gives this twenty-time

All-Star and St. Louis Cardinals icon the biographical treatment he deserves. Stan Musial is the definitive portrait of one of the game's best-loved but most unappreciated legends—told through the remembrances of those who played beside, worked with, and covered “Stan the Man” over the course of his nearly seventy years in the national spotlight. Away from the diamond, Musial proved a savvy businessman and a model of humility and graciousness toward his many fans in St. Louis and around the world. From Keith Hernandez's boyhood memories of Musial leaving tickets for him when the Cardinals were in San Francisco to the little-known story of Musial's friendship with novelist James Michener, Vecsey weaves an intimate oral history around one of the great gentlemen of baseball's Greatest Generation.

The Scrapbook in American Life Apr 28 2020 This book explores the history of scrapbook-making, its origins, uses, changing forms and purposes as well as the human agents behind the books themselves. Scrapbooks bring pleasure in both the making and consuming - and are one of the most enduring yet simultaneously changing cultural forms of the last two centuries. Despite the popularity of scrapbooks, no one has placed them within historical traditions until now. This volume considers the makers, their artefacts, And The viewers within the context of American culture. The volume's contributors do not show the reader how to make scrapbooks or improve techniques but instead explore the curious history of what others have done in the past and why these splendid examples of material and visual culture have such a significant place in many households.

Anti-Intellectualism in American Life Jul 24 2022 Winner of the 1964 Pulitzer Prize in Nonfiction Anti-Intellectualism in American Life is a book which throws light on many features

of the American character. Its concern is not merely to portray the scorners of intellect in American life, but to say something about what the intellectual is, and can be, as a force in a democratic society. "As Mr. Hofstadter unfolds the fascinating story, it is no crude battle of eggheads and fatheads. It is a rich, complex, shifting picture of the life of the mind in a society dominated by the ideal of practical success." —Robert Peel in the Christian Science Monitor

Me Talk Pretty One Day Dec 25 2019 A new collection from David Sedaris is cause for jubilation. His recent move to Paris has inspired hilarious pieces, including Me Talk Pretty One Day, about his attempts to learn French. His family is another inspiration. You Cant Kill the Rooster is a portrait of his brother who talks incessant hip-hop slang to his bewildered father. And no one hones a finer fury in response to such modern annoyances as restaurant meals presented in ludicrous towers and cashiers with 6-inch fingernails. Compared by The New Yorker to Twain and Hawthorne, Sedaris has become one of our best-loved authors. Sedaris is an amazing reader whose appearances draw hundreds, and his performances including a jaw-dropping impression of Billie Holiday singing I wish I were an Oscar Meyer weiner are unforgettable. Sedaris's essays on living in Paris are some of the funniest he's ever written. At last, someone even meaner than the French! The sort of blithely sophisticated, loopy humour that might have resulted if Dorothy Parker and James Thurber had had a love child. Entertainment Weekly on Barrel Fever Sidesplitting Not one of the essays in this new collection failed to crack me up; frequently I was helpless. The New York Times Book Review on Naked

Elizabeth Cady Stanton Jul 12 2021 In this subtly crafted biography, the historian Lori D. Ginzberg narrates the life of a

woman of great charm, enormous appetite, and extraordinary intellectual gifts who turned the limitations placed on women like herself into a universal philosophy of equal rights.

Guitar: an American life Oct 27 2022 When baggage handlers destroy Tim Brookes's guitar, he discovers that a dream guitar is built, not bought, and sets out to find someone to make him the perfect guitar. His quest takes him across the country, talking to historians, curators, and guitar mak

The Holocaust In American Life Jan 18 2022 Prize-winning historian Peter Novick illuminates the reasons Americans ignored the Holocaust for so long -- how dwelling on German crimes interfered with Cold War mobilization; how American Jews, not wanting to be thought of as victims, avoided the subject. He explores in absorbing detail the decisions that later moved the Holocaust to the center of American life: Jewish leaders invoking its memory to muster support for Israel and to come out on top in a sordid competition over what group had suffered most; politicians using it to score points with Jewish voters. With insight and sensitivity, Novick raises searching questions about these developments. Have American Jews, by making the Holocaust the emblematic Jewish experience, given Hitler a posthumous victory, tacitly endorsing his definition of Jews as despised pariahs? Does the Holocaust really teach useful lessons and sensitize us to atrocities, or, by making the Holocaust the measure, does it make lesser crimes seem "not so bad"? What are we to make of the fact that while Americans spend hundreds of millions of dollars for museums recording a European crime, there is no museum of American slavery?
